

Newsletter #1 - 2012

This newsletter that is way overdue, I'm so sorry for having put it off for so long. I promise to be more punctual in the future.

I would like to recap a few events from 2011.

We finished Central and South Africa in September, Becky & I took an amazing tour of Israel in early Oct (we strongly recommend it), then I finished with 2 weeks in Ghana to close out the mission trips for the year. However, our National Trainers were still going strong, below you'll find just one of many amazing reports we get from our Faith Trained Leaders.

From Pastor Samuel Mwesigwa, (**Uganda**) - I am so happy to inform that God has been with us and He saved people for himself and his glory. We have been able to reach out to 13 villages of which 4 of them no one has ever reached before. In these 13 villages, **1432 adults gave their lives to Jesus, 96 prayed a prayer of recommitment.** We've not been able to accurately track the number of children that have made a decision to accept Christ. We ended our Campaign in Pallisa town last week (Nov) where we spent 8 days-declaring Jesus, I am proud to inform you that Salvation became the talk show on every ones lips during the last week. We have registered 56 Muslims confessing Jesus as their Lord and Savior. On Sunday we **Baptized 43 of them.** During last week we where attacked by a group of Muslims wanting to cut us after their leader failed to convince people (during our debate) if the Koran was the true word of God. We were blessed to have hosted a Pastor, who is a former Muslim leader; he was very instrumental in revealing the lies about Islam. Thank God many Muslims where used by God to fight them back saying "**they are innocent our people are the ones who failed to debate since they never had enough information**" those are the words they used while fighting each other. I saw and felt Gods protection over us. The following day Police helped provide us with security.

Final talley from (only) the F2F National Trainers for 2011:

Conferences held – 31
Bibles Distributed – 710
church leaders trained – 589
Recommitments – 378
Salvations – 2294

All this was made possible through you, our prayer partners, our encouragers and our sponsors. Listening to our Lord as He touched your heart F2F has been able to reach the unsaved and share the plan of salvation. Without your financial support this ministries effectiveness would be deminished significantly. How does it feel to know your involvement helped contribute to nearly 2300 salvations in 2011?

Prayer request:

1. God's protection for the Muslim converts.
